The author believes that procrastination is the thief of time² in another words procrastination is use-less time-wasting thing. For a lot of reasons^{often} procrastination turns into constant avoidance of everything. Person begins to avoid not only ~~their~~ problems, but responsibilities and his/her own needs. So I completely agree with this point of view.

From my own experience and watching others experience, I know what it leads to. When for some reason I started postpone hesitate many things, I stopped getting anything done in time. Deadlines became something scary for me and I began to doubt whether I could do anything. Hesitate in your own abilities is serious and kind of scary.

Often procrastination can lead to dire consequences, so you need to work with it. Sometimes you may need someone's help, so you can't ignore it.

In the one day, Charles Dickens said: "Procr^astination is the thief of time, collar him." Is he right or is he wrong?

First, we need to know, what is meaning "procrastination"? Procrastination - is postponing things until later, and also time-wasting on an ongoing basis. And people who suffer from procrastination are called "procrastinators". Such people are very idle and also prefer avoidance work instead of working.

Okay, we've sorted this out. What do I think about his statement? Well, I'm absolutely agree with him.

First - Time, ~~that~~ procrastination ate away from you, ^{so} ~~you~~ could have been spent on self-development.

Second - You can be very idle and you'll ~~for~~ forget all your skills. ~~and~~

I'm see his quotation what if you have a procrastinate, you need to make something or do something, and destroy your procrastinating forever.

Well, in some situations you can't to procrastinating? For example, if you have a week to write an esse, & you need to write him now, but not postpone it.

For conclusion I can say that: "If you hesitating, when you need to do some deals, you should do they now.

Once Charles Dickens said: "Procrastination is the thief of time, collar him." In my opinion, he is right. I agree with the author's point of view. ~~This~~ ^{no} This phrase means, that you should ~~not~~ postpone your tasks or things on another day, you should ~~do~~ ^{do} it now.

I support Charles Dickens, because he said truth. If we do our tasks when we need them to do, so after that we will have more free time. When we hesitate under doing something now or then, we are losing our time. Also, if we postpone something on tomorrow, so we don't save time, that we have now, because we do nothing.

~~For example, when I have free time, but I need to do my homework,~~
For example, when I am idle and I have free time and I need to do my homework, I can postpone it. So, ~~in the end of the day~~ ^{at the end of the day} I didn't do my homework and tomorrow I won't have enough time for it, so I lost time. ~~I should have a time-wasting by doing homework and then, I will have more free time.~~

In a conclusion I want to say, that, we shouldn't postpone something and do things, when we have to do. ~~We shouldn't avoidance from our tasks.~~ We always have avoidance, ~~and but they have to~~ from something, but it haven't to be always.
